Prime Health Services takes great effort to verify that all providers listed in this directory are accurate and currently in the Prime Health Services PPO Network. However, providers are added and deleted from our network on a daily basis. In order to verify the most accurate coverage, please contact Prime Health Services at 866-348-3887. Although contacting us directly is the most accurate means of verification, please visit our Website at [primehealthservices.com](http://primehealthservices.com) for an additional verification tool. Finally, once at your providers office, please ask them to contact PHS for any verification questions.
