POSITION: INSTRUCTOR, MANUFACTURING
Full-time, 10-month, tenure track position

ANTICIPATED STARTING DATE: Fall 2016

MINIMUM QUALIFICATIONS: Master’s Degree in Manufacturing Engineering or Mechanical Engineering.

Applicants who do not meet the minimum qualifications as stated are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position and by providing appropriate references. Exceptions to the degree requirements may be made for compelling reasons.

DESIRED QUALIFICATIONS: Working experience with CNC milling and CNC turning machines, 3D printers, coordinate metrology, and robotics. Experience in SolidWorks (CAD) software and MasterCam (CAM) software. Experience in print reading and geometric dimensioning and tolerance. Industry experience in relevant advanced manufacturing areas (such as aerospace) is desired.

PREFERRED QUALIFICATIONS: Prior experience teaching college-level manufacturing courses; demonstrated effectiveness in addressing the needs of a diverse student body are preferred.

RESPONSIBILITIES: Under the supervision of the Engineering Technologies Department Chair this instructor is expected to teach twenty-four credit hours (subject to collective bargaining) per academic year primarily in manufacturing courses.

Teaching schedule may include evenings and/or weekends. Additional responsibilities include the development of and participation in the following: advisement and registration for developmental students, special college projects, working on new instructional techniques, course and program development, and other college and community service activities consistent with a strong commitment to the Community College Mission. This position requires the instructor to participate in commencement ceremonies, convocation activities, and special college meetings.

STARTING SALARY: $52,128 approximate annual, plus excellent State supported fringe benefits.
