INTENSIVE INTRODUCTION TO VOICE-OVER

Gateway Community College successfully launched its first-ever Introduction to Voice Over (VO) class series and is offering the classes again by popular demand! The world of voice over is a remarkably fun, educational, and entertaining industry. In this overview series, professional voice over specialist and former radio personality Paula Lin takes the students through the creative and business sides of voice over. Enjoy testing your vocal skills talent on recorded voice tracks for a wide variety of genres! Maybe your voice can be the choice for a new recording project! Radio, TV, online, video, telephony -- the sky’s the limit! Join other students to see what you all can do in VOICE OVER! Call (203) 285-2082 for details.

Tuesday, April 7 - 28
6:00 PM - 8:00 PM - Room N003
Paula Lin $150.00

PRAXIS I PRE-PROFESSIONAL SKILLS TESTS

The Praxis I Pre-Professional Skills Tests (PPST) measures basic reading, writing and mathematics skills for all candidates seeking entry into a teacher education program. Connecticut state law requires that all individuals seeking formal admission to a teacher education program or certification in Connecticut take and pass the Praxis I tests in Reading, Writing and Mathematics. This 6-Session course will provide specific test taking strategies for reading comprehension, mathematics, sentence correction, and essay writing.

SOLAR ENERGY PROGRAMS

Gateway Community College offers renewable energy programs in solar photovoltaics and solar thermal are affiliated with the standards of the North American Board of Certified Energy Practitioners (NABCEP).

Most of our technical skills training take place in the college’s new state-of-the-art solar photovoltaic and solar thermal lab located on the North Haven campus. We are thankful for the financial support of the CT Clean Energy Finance and Investment Authority and the Northeast Photovoltaic Training Network in building this great new facility. For more information, contact Gail Burrington (203) 285-2300 (e-mail: solaredge@yahoo.com)

Class offerings:

- Solar Fundamentals and Site Survey
- FREE Solar Cooker Workshop
- Introduction to Solar Photovoltaic Attic Fans
- Battery Basics for Small PV
- Advanced PV Workshop: AC coupling
