

Gateway Community College Diagnostic Imaging and Therapy Programs

Applicants to the Diagnostic Imaging and Therapy Programs for the 2017-2018 academic year must complete their applications online. *Paper applications will not be available.*

Applications will be available online on November 1st, 2016. ***The application period is from November 1, 2016– February 1, 2017.***

If you already have a Banner student ID, but have never submitted a general Gateway Community College admissions application, you must do so along with your Diagnostic Imaging and Therapy Programs application.

To complete the online Diagnostic Imaging and Therapy application:

1. Login to <http://my.comnet.edu>.
2. Click on "Banner Student & Faculty Self-Service" (located on the top right side).
3. Select any of your Colleges.
4. Scroll right and click the "Selective Programs" tab.
5. Click "**Diagnostic Imaging and Therapy Application**".

You can now complete your application to a Diagnostic Imaging and Therapy program at GCC.
Please make sure to read the online instructions before submitting your application.

Once your online application has been submitted, you will receive a confirmation email. All emails will be sent to your new community college email address. You can look up your new email address in MyCommnet or at <http://www.ct.edu/netid>.

Contact mbanks@gatewayct.edu if you have questions regarding the Diagnostic Imaging and Therapy Programs application process.
