POSITION: ASSISTANT PROFESSOR—NUCLEAR MEDICINE CLINICAL COORDINATOR

ANTICIPATED STARTING DATE: Fall 2019

MINIMUM QUALIFICATIONS: Master’s degree with three (3) years full-time experience as an instructor in an accredited program. Five (5) years clinical experience with two (2) years’ experience in General Nuclear Medicine, Nuclear Cardiology, and Positron Emission Tomography/Computed Tomography (PET/CT). Current certification through American Registry of Radiologic Technologists certified Nuclear Medicine Technology-ARRT (N) and/or Nuclear Medicine Technology Certification Board (CNMT).

QUALIFICATIONS: Applicants who do not meet the minimum qualifications as stated are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position and by providing appropriate references. Exceptions to the degree requirements may be made for compelling reasons.

DESIRED QUALIFICATIONS: Teaching experience. Experience using education enrollment and learning platforms such as Banner and Blackboard. Ability to communicate and work effectively with an ethnically and culturally diverse campus community, including the demonstrated ability to respond to and work with diverse and varied student populations. Ideal candidates will have experience in curriculum and program development, online teaching as well as excellent communication, technical, and interpersonal skills.

PREFERRED QUALIFICATIONS: Master’s degree in Healthcare or related discipline required. Previous experience as a clinical coordinator and proven experience in the accreditation process offered by The Joint Review on Educational Programs in Nuclear Medicine Technology (JRCNMT). Three (3) years full-time experience as an instructor in an accredited Nuclear Medicine or Allied Health related program.

RESPONSIBILITIES: Under the general supervision of the Program Coordinator and the Academic Division Director, the Assistant Professor of Nuclear Medicine Clinical Coordinator is expected to supervise the nuclear medicine students in various clinical affiliate sites; schedule, coordinate, and conduct clinical labs, and site visits; create site visit schedule for Clinical Educational Assistants; serve as a liaison between students and clinical site staff and administration; evaluate and remediate student’s clinical ability in accordance with the Program’s established criteria, and teach thirty credit hours (subject to collective bargaining) per academic year primarily in the areas of Nuclear Medicine.

Teaching schedule may include evenings and/or weekends. Additional responsibilities include the development of and participation in the following: advisement and registration for students, special college projects, working on new instructional techniques, course and program development, and other college and community service activities consistent with a strong commitment to the Community College Mission. This position requires the faculty member to participate in commencement ceremonies, convocation activities, and special college meetings.

STARTING SALARY: $63,732 approximate annual, plus excellent State supported fringe benefits.

TO APPLY: Submit a cover letter, resume, BOR Application and three (3) letters of professional reference to:

Gateway Community College
Human Resources Office
20 Church Street
New Haven, CT 06510

Electronic packets preferred to Msirois@gwcc.commnet.edu

APPLICATION DEADLINE: Open until filled with review of applications beginning as early as January 24, 2019. Priority will be given to resumes received on or before February 17, 2019. References will not be contacted without authorization from the applicant.

*Incomplete or late application packages may be discarded. Please note that due to the large volume of applications received, we are unable to field phone inquiries and confirm receipt of applications. You will receive a written confirmation letter within a week of your submission. A BOR application can be found on our website at Application.
