

SURGICAL TECHNOLOGY

Surgical technologists are integral members of the surgical team who work closely with surgeons, registered nurses and anesthesia personnel. Surgical technologists are also responsible for assembling and organizing all the specialized instruments, equipment and supplies needed for a wide variety of surgical procedures. They are experts in sterile technique and are responsible for maintaining the sterile field during surgery.

CAREER PATHS

- Lead Technologist/Management
- Education (Instructor, schools & colleges)

- Surgical Centers
- Out-patient Surgery Centers
- Private Medical Offices
- Eye centers
- Dental office
- Veterinary Office

DESCRIPTION OF PROGRAM, LICENSURE AND ACCREDITATION

The Surgical Technology program at CT State Gateway is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA).

Upon successful completion of the program, students will be eligible to take the National Board of Surgical Technology and Surgical Assisting certifying examination for surgical technologists. A passing score on this exam will grant the student status as a Certified Surgical Technologist, employable in all 50 states.
