

# Security Officer Certification Training (Guard Card)

Now  
enrolling!

**Learn how to become a security guard today!**

## PROGRAM DESCRIPTION

The Security Guard course satisfies the classroom training requirements for the state of Connecticut Security Guard Identification Card. Public Act #04-192 (updated in Public Act #08-73) mandates that all state of Connecticut security guards complete an 8-hour training course for certification. Successful completion of this course will ensure that the student is eligible for certification and prepared for employment in a rewarding field.

Additional fees and requirements apply at the time of submitting your application to the State. These fees and other items will be discussed in class by the instructor and are NOT due during the class.

Included in tuition: fingerprinting and reference materials

Partial scholarships are available to those who meet the eligibility criteria.
